Re: LightSquared Subsidiary, LLC  
Ex Parte Communication. IB Docket No. 11-109  
IBSF File No. SAT-MOD-20101118-00239

Hello Ms. Dortch;

I'm writing to voice my concern over LightSquared's request to affirm its license with the FCC. I feel the interference, which has been proven by an independent test, will do more harm than the benefits derived from LightSquared. Please do not allow them to start work until it can be proven that there will be no interference with high-precision GPS.

Thank you for your consideration.
